**COMMISSION ACTION:**

Move that we approve the Demand-Side Management (DSM) and Energy Efficiency (EE) Rider as proposed by Duke Energy Progress, Inc. and reviewed by the Office of Regulatory Staff, the Southern Alliance for Clean Energy and the South Carolina Coastal Conservation League.

The total unamortized cost of the DSM and EE Programs is \$58,277,880. The requested change in the DSM/EE rates will result in a residential rate rider of 0.552 cents per kilowatt hour (kWh) and a general service rate rider of 0.550 cents per kilowatt hour. ORS made an adjustment that did not change the factors.

Rates shall become effective for bills rendered on and after July 1, 2014, and shall remain effective until further order of the Commission.

Duke Energy Progress shall also review and evaluate comments and recommendations provided by the Southern Alliance for Clean Energy and the South Carolina Coastal Conservation League as the next program year unfolds.
